

**Because everyone
deserves a healthy smile.**

Mission

Community Smiles Dental improves the lives of the underserved through oral healthcare services, preventive education, and advocating for systemic healthcare change—because everyone deserves a healthy smile.

Vision

To create a healthier community by improving oral health and ensuring that no one suffers from dental pain.

We advocate for those who struggle to find access to dental care. Regardless of any barrier, regardless of any status, and regardless of a broken system, we believe everyone deserves the best in oral healthcare.

**Community
Smiles Dental**

caring. serving. advocating.

Community Smiles Dental is a non-profit 501(c)(3) organization providing crucial dental care to low-income children, pregnant women, special needs patients, and adults in the Greater Milwaukee area. We continue to place our primary emphasis on serving youth, who disproportionately struggle with access to dental treatment and have nowhere else to turn. Our staff includes some of the most compassionate dental providers in the region, serving as many as 4,000 patients each year. Services include comprehensive oral exams, emergency oral exams, preventive services including oral hygiene instruction, fluoride treatments and sealants, x-rays, restorative services, and extractions.

Proud partner of the United Way of Greater Milwaukee & Waukesha County

**Strengthening smiles.
Strengthening community.**

Access to care. Access to health.

Everyday, individuals who are state-insured or uninsured struggle to find appropriate dental care as a result of few providers who accommodate these insurances. These barriers create challenges to routine dental treatment and compound into oral health issues that quickly impact overall health and well-being. This is where Community Smiles Dental steps in - giving area families a high-quality dental home for routine and preventive care.

Learn more about how we create community change through oral health at CommunitySmiles.org.

Services for Children

We love giving kids a healthy smile! Treatment for youth begins as early as birth and continues through age 18. We provide an array of services to set kids up for a lifetime of oral health.

- Exams and X-rays
- Cleanings
- Fluoride varnish and sealants
- Fillings
- Extractions
- 6-month recare visits
- Oral health education
- Nitrous oxide (laughing gas)
- Services for children with special needs

Services for Adults

Although most of our patients are children, we offer urgent dental care for adults at our Waukesha clinic and more comprehensive adult dental services at our Menomonee Falls clinic. Give us a call to discuss programs and eligibility.

- Urgent/emergency dental treatment
- Exams
- Cleanings
- Restorations
- Simple extractions
- Services for pregnant women
- Services for adults with special needs

How do I become a patient?

If you're interested in our services, the first step is knowing whether your family is eligible. You can use this checklist to quickly see if you qualify for our services.

- Have BadgerCare/Forward Health/Medicaid insurance OR are uninsured and have income that falls below 200% of the Federal Poverty Guidelines.**
- Reside in Milwaukee County, Ozaukee County, Waukesha County or Washington County**

Patient priority is provided to youth age 18 and younger.

For patients without dental insurance, a discounted fee/copay is required.

Please call 262-522-7645 to discuss patient eligibility and appointment scheduling. More information can also be found at communitysmiles.org.
